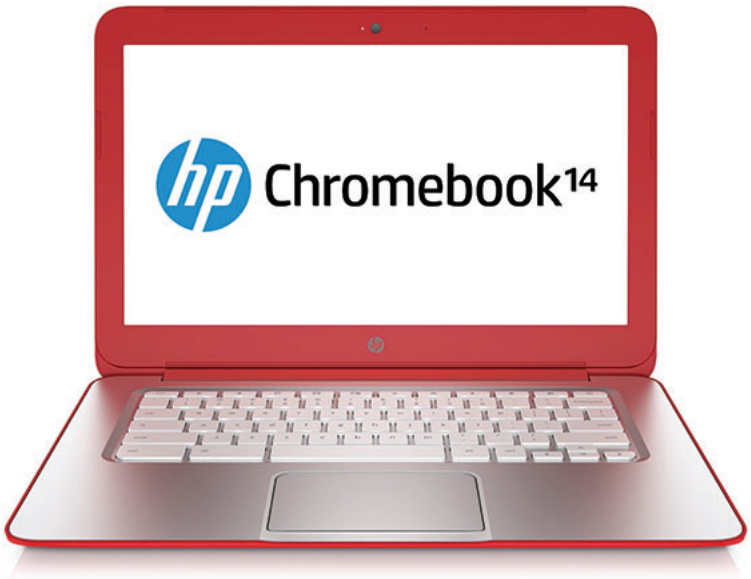
HP Chromebook 14-q001sa (ENERGY STAR)

Bigger screen. Faster HP Chromebook.

Open your sleek, next-generation Chromebook to get online, fast. You can access your favorite websites and Google Chrome apps on the 35.5 cm (14") diagonal HD display in seconds[1].



Browse on the big screen.

Take it all in – websites and apps really pop on the 35.5 cm (14") diagonal HD display.[2] See the full picture, in vivid color, for an uncompromised web and entertainment experience.

The speed you need.

Give all your tasks a boost with apps that perform at top speeds. This ultra-responsive Chromebook is powered by the newest Intel® processor for a no-hesitation experience.

Never slow down.

With up to 9 hours of battery life, you can work and play with confidence for the duration.[3]

[1] Internet service required and not included.[2] High definition (HD) content is required to view high-definition images.[3] Testing conducted by HP consisting of full battery discharge while running a series of productivity scripts against the following applications (which may or may not be included with your particular product): Adobe® AcrobatReader 7.0, Adobe® Illustrator® CS2, Adobe® Photoshop® CS2, Apple® Quicktime 7.1, Intervideo® WinDVD® 8, Macromedia® Flash 8, Microsoft® Office® 2003 Pro, Microsoft® Project 2003, and Winzip® 10.0. Prior to testing, the system was fully charged and set to display brightness of 60 nits, auto dim disabled, wireless off, suspend and hibernate disabled and all other programs, utilities, and services not essential to running the computer system or battery life test. Battery life will vary depending on numerous factors including product model, configuration, loaded applications, features, use, wireless functionality, and power management settings. The maximum capacity of the battery will naturally decrease with time and usage. See www.bapco.com for additional details.
